We did alert them and tried to provide context. Unfortunately some other stakeholders interpreted the list as equivalent to listing on the npl.

They are welcome to send this. I assume you all discussed with them the listing. If you would like me to do anything please advise

This came in to me right after we hung up. I think there may be some misinterpretation of the purpose of the Administrator's list but let me get some more information from my staff. I will call NDEP directly to understand their point of view.

Safe travels

**Subject:** heads up regarding Anaconda

During our BLM, EPA and NDEP coordination call we learned that the Governor Sandoval or someone on his staff may send a letter to Adm Pruitt regarding the inclusion of Anaconda on his top priorities list. They felt it wasn't the right timing to make the announcement as we are in negotiations of the deferral..
